HISTORY OF EATON COUNTY

Eaton County, named for President Andrew Jackson's Secretary of War (John Eaton), sometimes referred to as a cabinet county, was organized in 1837. Due to lack of population and buildings in the designated county seat (Charlotte), government and judicial functions were performed in the village of Bellevue. However, by 1840 the population of Charlotte had grown sufficiently to warrant the move to this community. Circuit Court proceedings were held in the Eagle Hotel with Circuit rider Epaphroditus Ransom (later Governor of Michigan) as presiding judge.

Six years later, the first Eaton County Courthouse was completed at a cost totaling five hundred dollars on land donated for this purpose by Edmund Bostwick.

By 1880, growth in Eaton County had outstripped the capacity of the first courthouse. In 1882 the Eaton County Board of Supervisors resolved "to erect a building for court and public office purposes" at no more than \$50,000 cost; this was later amended to \$40,000. When completed, the cost of this courthouse was nearly \$80,000.

The contract for design was awarded to D.W. Gibbs & Company of Toledo, Ohio with the firm of Miles, Cramer and Horn also from Toledo doing construction. The corner stone was laid on July 4, 1883 and this building was ready for use in October 1885.

Placed on the register of national historic buildings, the courthouse served the residents of Eaton County as the focal point of County Government for nearly ninety-one years. During the late 1960's the county again experienced a tremendous population growth. As a result, the Courthouse of 1885 could no longer house the rapidly expanding County government.

Late in 1970, the commissioners began in earnest discussing the need for more space. Several options were weighed; they included building additions on to the present Courthouse, purchasing land surrounding the courthouse annex buildings or the purchasing of land and developing a governmental complex within that area. Advantages and disadvantages were weighed for each option; however, after months of discussion the final proposal of developing a governmental complex was accepted.

With the decision to build a new Courthouse complex, the firm of Cain and Associates of Kalamazoo was retained for architectural work on the new building, and the TerHorst & Rinzema Construction Company of Grand Rapids as general contractors.

Groundbreaking ceremonies for the Courthouse were held January 24, 1975, with the building being dedicated on July 4, 1976. This new building was designed to include sixteen county offices and departments, encompassing 87,700 square feet of office and storage space and costing close to \$4,000,000 total. The building was constructed without the need for assessing additional taxes upon the residents of Eaton County. The new Courthouse complex typifies the growth development of Eaton County as it moves toward the 21st century.

YOUR COUNTY GOVERNMENT

By: Runyon Associates, Box #75, Williamston, MI 48895
517-655-2412

The largest unit of government in Michigan today is the County. It is also the oldest political subdivision of the State having attained stature and importance before any other form of government now in existence.

Wayne County, named in honor of General Anthony Wayne, was the first Michigan County organized in the Northwest Territory in 1796 by Winthrop Sargent, Acting Governor. During those early years under territorial government, there was a tendency to establish counties covering extensive areas. For example, Wayne County, when first organized, comprised all of Michigan and parts of Indiana, Ohio and Wisconsin.

However, as it became evident that matters affecting the common welfare such as schools, roads, law enforcement and public health were limited to local settlements, it became necessary to make government as convenient to the people as possible. The result of this early conclusion was the division of our State into 83 counties...68 in the Lower Peninsula and 15 in the Upper Peninsula. Most of the counties in the Lower Peninsula are approximately square in shape with about 24 miles on a side.

By 1836, when the first constitution for Michigan was prepared, counties were an established unit of Government. Provision was made to incorporate and use them for locally administering State Government operating only within its own boundaries and performing certain specific work for the State.

The services rendered by County Government affect each of us from before we were born until after we were dead.

Before you were born, it is quite possible your mother attended a prenatal clinic sponsored by the County Health Department. The day you were born a clerk in the County Clerk's office filed your birth certificate. As a baby, you may well have attended a baby clinic or received immunization shots from the County Health Department. As a child, you were the recipient of educational programs sponsored by the County Intermediate School District and undoubtedly used the services of the County Library.

When you were married, the County Clerk's office issued the Marriage Certificate. When you went into business, you filed your assumed name certificate in the County Clerk's office and when you bought a home your deed and mortgage were recorded in the office of the County Register of Deeds. If you had legal problems they were attended to by the County Courts, either Circuit or Probate; and if you or members of your family had emotional or mental problems, you had access to the services provided by your County's Community Mental Health Board; and throughout your life you found that the State laws were enforced by the County Sheriff. Also you have been using County Roads and living in a physical environment which is the responsibility of the County Drain Commissioner. The day you died, your death certificate was filed in the County Clerk's office and not long after your death your estate will be probated in the County Probate Court. Thus, all our lives we were in one way or another using the services of some facet of County Government.

County Government is the only form of government in the United States which is directly answerable to the people it governs. Unlike other forms of government in the cities and states, all major departments and offices are administered by men and women elected by the people and responsible to the people for their every action.

County Government in Michigan is the finest example of how government by the people and for the people can and does work.

PROSECUTING ATTORNEY

Elective - Four - Year Term

- The Prosecuting Attorney is a constitutional officer in Michigan and is a public officer serving in the Executive Branch of Government, elected to a 4-year term. A Prosecuting Attorney may appoint a Chief Assistant Prosecuting Attorney and other Assistants. A Prosecuting Attorney, and all assistant prosecuting attorneys must be licensed Michigan attorneys.
- Over 200 statutes impose responsibilities on the Prosecuting Attorney. A few of these include issuing felony and misdemeanor criminal charges and juvenile delinquency petitions against people accused of violating state laws, and county or specified local ordinances; prosecuting civil infractions; assisting and consulting with crime victims; protecting neglected or abused children; establishing paternity and initial child support orders; appealing grants of parole; consulting with law enforcement agencies on policies for officers responding to domestic violence calls; representing

Personal Protection Order petitioners in violations hearings, and petitioners in mental illness cases; serving on the county child death review committee; serving on drug, alcohol and veterans' specialty court treatment teams; investigating and prosecuting violations of the Open Meetings Act and Incompatible Offices Act; etc.

- The Prosecuting Attorney is the chief law enforcement official in the county. He or she has the obligation to seek justice, not merely to convict. The Prosecuting Attorney has very broad discretion to decide what criminal or delinquency charges, if any, are appropriate in a given situation.
- The Prosecuting Attorney may provide legal advice to other county officials, but not to the general public.

SHERIFF

Elective - Four - Year Term

- The office of Sheriff is one of the most familiar and most useful to be found in the history of English institutions. With the single exception of Kingship, no secular dignity now known to English speaking people is older. The functions, status, and powers of the office, like those of Kingship itself, have undergone change, but for over nine centuries, it has maintained a continuous existence and preserved its distinguished features. Nearly 1,000 years ago the man holding office was known as the Reeve of the Shire or the Shire Reeve. Through the centuries the words were joined and the pronunciation changed to Sheriff.
- The office of Sheriff is elective in each county; the duties are prescribed by law, which means by legislative act.
- It is impossible to list all the powers and duties of the Sheriff in this short space. In every session of the Legislature much attention is paid to the problems of the Sheriff, and how he should handle the questions that come before him.
- It is required of the Sheriff to enforce all laws passed for the protection of life, property, health and morals of the people. This covers, almost entirely, every phase of human activity. Also, the Sheriff must take whatever action he deems necessary to preserve the peace and tranquility of his county.
- The sheriff is the keeper of the jail and responsible for both the administrative and physical running of the jail.
- This office is responsible for maintaining a twenty-four hour road patrol within the county investigating both traffic and criminal complaints. He is the administrator of all units within

the Sheriff's Department and conducts investigations for a wide variety of other officials, county, city, state and federal.

- The sheriff is a member of the Concealed Weapons Licensing Board and attends many traffic and safety meetings during the year as well as other meetings designed to better equip him to serve.
- Above all, the Sheriff serves the people of the county to which he has been elected.

COUNTY CLERK AND REGISTER OF DEEDS

Elective - Four - Year Term

The duties of the Clerk are prescribed by State statute and include:

- Clerk of Circuit Court: Has control of all records of divorce, law and criminal.
- Keeper of the Circuit Court seal: The official seal is used to certify some 275 different documents or papers.
- Clerk of the Board of Commissioners: Presents all communications to the Board and prepares all minutes.
- Clerk of County Election Canvassers: Assists in canvassing of votes cast and prepares all certifications and minutes.
- Chief Election Officer for the County: Prepares all ballots and supervises all elections.
- Clerk of Jury Commission: Prepares all minutes; Oversees the computerized drawing of jurors from the Secretary of State Driver's License and Michigan Identification Card lists to serve on the jury panel.
- Draws all Circuit Court prospective jurors from the pool of names provided by the Secretary of State.
- Clerk of the Gun Board: Prepares all minutes, acts as clerk of the Board, prepares and issues the permits when approved.
- Register of Vital Statistics: Issues certified copies of birth, marriage and death certificates upon request.
- The County Clerk keeps and preserves the Vital Statistics of the County forever.
- Files all co-partnership certificates and assumed name certificates.
- Member of the County Plat Board.
- Fees are established by law and turned over to the General Fund of the County.

State Law prescribes the duties of the Register of Deeds:

- Official recording and/or filing office for all legal documents affecting Real Property. Examples are such documents as warranty, quit claim, mineral, administrator tax and sheriff's deeds, mortgages, patents, oil and gas leases, plats and restrictions, rights of way, various liens including municipal, state and federal tax liens, records Circuit Court orders, Probate orders and wills where real estate is concerned and numerous other instruments. All fees charged for recording and/or filing are set by state law then turned over to the General Fund of the County.
- Other numerous detailed processes: Records Certificates of Survey and indexes same, records all surveys establishing corners, time and date stamping, registration numbers, scans documents to provide digital images, certifying to name and maintaining a proper index, reception books and abiding by a uniform statutory fee and system set by the legislature. The Register of Deeds also collects the County and State of Michigan Transfer Tax.
- The office serves the public with research on all instruments. The Register of Deeds acts as the custodian of numerous volumes of records dating back into the 1800's. These volumes of information are valued at thousands, if not millions of dollars to the people of each county in the State. In fact, it is nearly impossible to place a value on these records. Credit Bureaus, banks, companies and other lending agencies throughout the State as well as many individuals who check on the recording and filing of the many papers pertaining to their businesses utilize the records in this office. Even proof of ownership is established according to the records in the office.

TREASURER

Elective - Four - Year Term

- The County Treasurer is a Constitutional Officer and must run on a partisan ticket as must all County Officers.
- His principal duties are: Collector of all delinquent property taxes, custodian of all county funds, and is a member of the County Tax Allocation Board and County Plat Board by law.
- Some of the other duties of the County Treasurer are: Certification of warranty deeds, collection of inheritance taxes for the State on order of the Probate Court, handles the complete program for dog licenses, is member of the County Election Commission, which also includes the County Clerk and senior

judge of Probate, prepares and mails tax delinquent notices, issues tax histories and searches as required by lending organizations, individuals, etc., makes distribution of delinquent taxes collected each month to the political units of each county.

- Fees are charged for many services; all of the fees go into the County General Fund.
- The County Treasurer is the County "banker" and all county departments must deposit all revenues with him.
- Custodian of all county funds, manages bond issues, and oversees the investments of county funds.
- Acts as the Foreclosing Governmental Unit for real property tax forfeitures and foreclosures within the county. Facilitates real property tax auctions and maintains foreclosed real property inventory.

DRAIN COMMISSIONER

Elective - Four - Year Term

- By statute the word "drain" includes any water course or ditch either open or closed, any covered drain, any sewer or conduit composed of tile, brick, concrete or other material, any structures or mechanical devices that will properly purify the flow of such drains, any pumping equipment necessary to assist or relieve the flow of such drains, and any levee, dike, barrier or a combination of any or all of same constructed or proposed to construct for the purpose of drainage or for the purification of the flow of such drains when legally established according to the law relating to construction of drains.
- The Commissioner has jurisdiction over all drains within his county, including those heretofore established and now in process of construction. He also has jurisdiction of inter-county drains (an inter-county drain is one that traverses more than one county and the Drain Commissioner from each county involved, together with the Deputy Commissioner of Agriculture, in charge of drains, make up the "Inter-County Drainage Board").
- The Commissioner is required to make and keep in his office a full financial statement of each drainage district and complete record of such proceedings as: application for laying out and designating a drainage district, a petition for construction of a drain, the minutes of survey, release of right-of-way, order of determination of necessity, first and final order of determination, contract, computation of cost apportionment of benefits and assessment of roll.

- The Drain Commissioner is required to make a report of all drainage districts laid out, all drains constructed, finished or begun under his supervision during the year. The reports required include an itemized statement of all orders issued on account of each and every drainage district and debit and credit balance of such district fund; a breakdown of the assessment rolls showing the amount assessed to each township, county highway, railroad, village and owner of land in the respective township.

EQUAL OPPORTUNITY STATEMENT

Eaton County reaffirms its policy to ensure fair and equal treatment in all its programs and employment practices, for all persons, regardless of sex, race, color, national origin, political affiliation or beliefs, age, religion, height, weight, marital status, disability, genetic information or political affiliation or beliefs.

In order to ensure participation in all Eaton County public meetings and services, Eaton County will attempt to provide the appropriate auxiliary aids required for disabled persons to be able to participate. The County should receive a written request at least 10 working days prior to the public meeting for the provision of the services required.

If the written request is not made within the 10 working day period, the County will still attempt to provide the appropriate auxiliary aid, if at all possible.
